

Maria Bonete

Madrid, Spain • mbonetedev@gmail.com • +34608566430 • [LinkedIn](#) • [Portfolio](#) • [GitHub](#)

Motivated full-stack developer specialized in front-end, with strong expertise in web3, DApps, and cryptocurrency integration. Proficient in React/Next.js/Remix, JavaScript/TypeScript, Node.js, Express, CSS, Prisma, and SQL. My approach integrates best coding practices with a keen eye for design, aiming to develop intuitive and efficient web solutions. Effective communicator with native Spanish and advanced English (CAE/C1) skills. Seeking dynamic web development roles, leveraging both front-end and back-end technologies.

PROFESSIONAL EXPERIENCE

Front-end developer, Bidz Labs - Remote

Mar 2024 - Present

Web3 fintech trading and betting app integrated with social media

- Leading the front-end development of a web3 application, currently in production.
- Implemented cryptocurrency functionalities using MetaMask, Wagmi, and RainbowKit.
- Developed ABI smart contract interactions and socket integration for real-time data handling.
- Supports authentication methods for both web3 (SIWE) and web2 (OAuth for X (Twitter) and email).
- Ensured robust security practices and user-friendly interfaces for a seamless web3 experience.

Freelance Front-end developer, Aventu - Remote

Sept 2023 – Oct 2023 / Feb 2024 – Mar 2024

A user-friendly app designed for story creators, enabling dynamic story creation and storage using diagrams and audio files.

- UI development and REST APIs integration with TypeScript, React, React Flow, and Redux (RTK and RTK Query).
- Worked on an audio editor project, focusing on UI development and integration of audio processing functionalities.
- Transformed Figma designs into CSS and components, contributing to design decisions.
- Provided feedback and made corrections in collaboration with other freelance team members.

Full Stack Developer, Wandity - Remote

Jan 2024 - Feb 2024

Consultancy firm specialized in full-stack web development

- Collaborated with cross-functional teams to design and implement feature-rich, responsive web applications using Remix and Tailwind CSS, focusing on usability, performance, and maintainability.
- Led the implementation of automated testing frameworks using Playwright, enhancing code reliability and application quality.
- Improved the tests reliability by creating a large set of database seeds using Prisma and SQL, ensuring the tests had realistic and enough data to be effective.

Front-end developer, CaneLab Ltd. - Remote

Aug 2022 - Dec 2023

A software consultancy specializing in tailor-made solutions for startups and small-sized businesses.

- UI development with JavaScript/TypeScript, including React/Next.
- Created UX/UI designs using Figma and translated them into CSS and components using styled-components.
- Conducted testing and ensuring code quality with Jest.
- Integrated REST APIs for data and functionality.

SIDE PROJECTS

- [Portfolio \(GitHub repo\)](#) - Independently built a responsive portfolio page from scratch using JavaScript, Next.js, SSR, and Styled Components.
- [The Coffee Place \(Github repo\)](#) - Fictional coffee shop with a focus on elegant design. Users can explore the coffee shop's offerings, place orders, and engage with dynamic content. Crafted using JavaScript, Next.js, and styled-components.
- [Homely \(GitHub repo\)](#) - Created proof of concept for a minimal real estate platform integrated with a CRUD API, built using React, React Hook Forms, React Query, Axios, MaterialUI, and Styled Components.

EDUCATION, CERTIFICATION, & TRAINING

BA Art History, Complutense University of Madrid

- Community of Madrid Excellence Scholarship (2019 - 2021), 17 honors distinctions, Bachelor's Degree Extraordinary Award (9.48/10)

Certificates & Coursework:

[The Joy of React](#) (40 hours), [CSS for JavaScript Developers](#) (>40 hours), [The Complete JavaScript Course 2022: From Zero to Expert!](#) (~70 hours), [Build Responsive Real-World Websites with HTML and CSS](#) (37 hours), Epic React (19 hours - React Fundamentals, Advanced Hooks, Advanced Patterns, Performance), React Query (20 hours).

SKILLS

Technical: React/Next.js/Remix/React Native, JavaScript/TypeScript, MetaMask, Wagmi, RainbowKit, Web3, DApps, Cryptocurrency Integration, Redux, Tailwind, CSS, Node.js, Prisma, SQL, Express, Git, GitHub, Jest, Styled Components, React Query, SWR, Semantic HTML5, Python, Figma, Photoshop, Illustrator.

Non-Technical: Photography, Graphic Design, Art.

Language: Spanish (native), English (Advanced - CAE / C1)
